## Not used the Pal App yet?!

It is much better than the old-fashioned paper PAL and helps you explore the products available in the range! It's a lot easier and quicker to use than spreadsheets. You can search for products either by typing in the code or the name and see all of the product information! It will save you time rather than having to look through loads of pages. You can also add products to your favourites to create your own shopping list for ordering!

To log in, follow the link below or scan the QR code on the previous page and then click on the Pal App icon:

<https://storetoolkit.mediahub.one/>

If you don't have access to the Store Tool Kit, please email the POS team on [posteam@bestwayretail.co.uk](mailto:posteam@bestwayretail.co.uk) and we can get you set up!
